

ATS Tribrach kit

a vital part of Traceable 3D®

Traceable 3D quality assures your project over time by establishing repeatable benchmarks that efficiently support data capturing and analysis of 3D point clouds in a traceable and reusable process

ATS Tribrach kit • Technical Data

Prism constant	-16,9 mm*
Nominal sphere diameter	198,8 mm
Absolute accuracy for large ref. Δx , Δy , Δz	± 1 mm
Mounts	Tribrach
Outer dimensions for case	500 x 420 x 225 mm

* Valid for Trimble, for Leica add 34,4 mm to this value.
